

Task - 3M Dust Mask 8810 FFP2 ... x Distribution Order Receipt - B... x Warehouse Operations - 6.3A Fu... x Goods Transaction - 2 selected... x Warehouse Verbosity Log x Pretty Verbosity Log

Close

**Error:**  
There is not enough stock available to create the task Abracon Blind Rivets 4.8 x 10mm (350) BR04810350 - 10.000 -- SCM-BYO-GIT4 -- 1025080.  
This error usually means that there is available stock [10] but it's protected in not confirmed yet task(s) [10.000]

2)  
After that, I go back to the BE and hit "Receipt" again and get this error message above.

Checking the Goods Transactions and Whse Operations, all is fine: There is still 20 of this product in the bin BYO-GIT4 as expected.  
But for some reason the system can't find it and we get the error.

Lines

3)  
Can you see why the system can't find the remaining 20?  
You can use the example of this DOr (TEST) to play and verify your patch (if you find it).

4)  
If you are happy with the fix, please install directly in LIVE and TEST.

	Line No. ▲	Produ	Ordered Quantity	Confirmed Quantity	Issued Quantity	Received Quantity	UOM
	10	13A PORC/PLUG T	0	20	20	0	EACH
	20	3M Dust Mask 8810	0	30	30	0	EACH
	30	6.3A Fuse	0	30	30	10	EACH
	40	Abracon Blind Rivets 4.8 x 10m...	0				

1)  
In the initial receipt, I created 4 tasks (assigned to Thamu Dube). Of these 4, I only confirmed the task for product "6.3A..." and only 10 of the expected 30.
