

I'd give a lot for these 22 rules in their youth

The sooner you learn the rules of life, the less mistakes you will make and will be easier to [essay writing service freelance](#) achieve. So, read, remember, and use.

1. Childhood ends as soon as you earn money. From that moment you become the object of a possible material enrichment for all who surround you at the moment.
2. The educational system is obsolete in the moment you the first day I sat down at the Desk. It is based on the skeletal system of the ministries and departments not keeping up with new trends and developments.
3. You need to read "boring books" are not recommended at school. Read without stopping, read as much educational literature. If you do not acquire the habit in childhood, all that you will then read the captions on the TV.
4. The world order wants to remain zombie Telecabine. The economy is based on consumption so, than you are illiterate and dependent on the TV, the easier for you to sell products and services.
5. The people around is the sources of information. Learn to communicate and listen to others. Avoid people, considering them unworthy of your attention – so not to find customers, friends or job in the future.
6. Respect the wisdom of people older than themselves. Look, even if you believe that their point of view is outdated. Their knowledge is built on a system of values, Outlook, life experience and logical relationships between conditions and decisions.
7. To create idols. Find people whom you can admire, and try to exceed them, and then choose other, more worthy.
8. Shyness is the enemy of progress. Don't let your emotions prevent you from learning more about the people, because in this case people do not know about you. Folk wisdom says not in vain the audacity – the second happiness.
9. To choose a reliable travel companions. Do not build a solid relationship with a man, if there is something you don't like in it is this "something" can cause of your losses if you break.
10. Risk need until you have nothing. Over time you will acquire a family, children, experiences and care will become more conservative. If you want to do something – do it while young.
11. To be a miser. Don't waste money on crap, save up for something more serious, like in my case. It will teach you to spend money wisely and for the purpose. Remember, money is a means.
12. To explore the world. Spend money on experiences. The joy of impressions and memories value higher than the value of the acquired household items and clothing.
13. The need to earn money. No savings will not make you financially secure and morally self-sufficient. And no matter how much you earn now, the main desire and ability to earn.
14. To break the Bank in his youth – it unfortunately. Luck in his youth often leads to rash actions and wrong decisions. Easy money, quickly leave, leave only bitterness and mental disorder.
15. Need a plan of action. Don't want to program your life, be prepared to receive gifts of destiny. But remember, this "Elephant" small – not enough at all.
16. To keep the shape. Get into the habit of exercise – 15 minutes a day is enough. The body will get used and you will not be able to refuse.
17. Be ready for offline mode. Learn to cook, wash, iron, buy, etc. even if your family partner will make it all better you.
18. Not to trust my memory. Not enough memory, no matter how fantastic it may be. Record.
19. We need to dream. Never stop dreaming of something bigger and better, don't listen to anyone who tells you that it is time to come down from heaven to earth.
20. Education should engage parents. Do not try to correct people if they are blunt, look for those who not yet spoiled
21. You need to be literate. The ability to speak fluently and to the point will be useful when you are going to convey their point of view to customers, management or staff.
22. To compete. Life, business, relationships – it's a very competitive environment.
